

RMeans Electrical Unit Price Cost Database

Over 13,000 unit price costs covering everything from HV transmissions to residential wiring. The most up-to-date products, materials and construction methods allow for cost savings from design through construction.

Price data you can trust for accurate budgeting and estimating:

- **New construction**
- **Repairs & renovation**
- **Change orders**
- **Cost Engineering**
- **Commercial & Industrial**
- **Residential**

Your comprehensive estimating and cost planning resource.

- Provide a “realitycheck” for any estimate, bid or change order.
- Plug gaps in preliminary estimates.
- Quote benchmark prices for alternate material or design approaches.
- Double check your estimates.
- Estimate labor hours.
- Estimate work at project sites anywhere in the U.S. or Canada.
- Resolve disputes over billings with an impartial, universally respected authority.

Costs broken down into:

- Materials
- Labor
- Equipment
- Overhead and Profit

Covers everything from lighting to electrical utilities and special systems.

Organized according to the MasterFormat04 system of classification and numbering as developed by the **Construction Specifications Institute (CSI)** and the **Construction Specifications Canada (CSC)**.

2009 Count of unit cost lines by CSI division:

CSI Division	Count	CSI Division	Count
1-General Requirements	280	13-Special Construction	110
2-Existing Conditions	57	21-Fire Suppression	16
3-Concrete	175	22-Plumbing	132
5-Metals	148	23-HVAC	603
6-Wood, Plastics & Compos.	80	26-Electrical	9,809
7-Thermal & Moisture Protection	71	27-Communications	200
8-Openings	10	28-Elect. Safety & Sec.	94
9-Finishes	25	31-Earthwork	1,030
10-Specialties	10	33-Utilities	427
11-Equipment	152	34-Transportation	20
12-Furnishings	2	Total Lines	13,451
